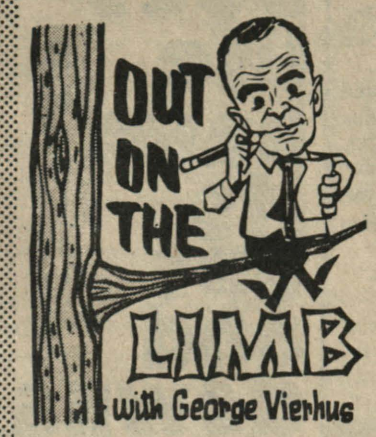
Vol. 79 No. 13 Wednesday, March 31, 1971 10¢
378-9136 35 Dillon Avenue, Campbell, California



WITH AS MANY YEARS we have had under our belt in the field of journalism, one would think that we should be immune by now from the barbs and darts from individuals who claim that our reporting is one-sided and that our "bias creeps in" (as one person put it.)

It's no use to tell those folks that we try to present the news stories as we see it when the action occurs.

And, quite frankly, that may not be the way that others see it. That's not really too unusual.

We have known of six eye witnesses of an accident, for example, who give six different versions of what occurred.

As a case in point, in a "personal letter" to us this week (the writer specified it was not for publication), it was claimed that our bias showed in the school district hassle when we reported that "MacQuiddy instigated the Royer demotion."

We suppose it is useless to tell our friend that when a person makes a statement relating to a situation followed by his motion to carry out his statement, in our book, that's "instigation".

Webster seems to agree.... "instigate...to urge, provoke or incite some action"....

So it goes....

But Webster could be wrong too.

-0-

SOME SORT OF RECORD was set last week in the "letters-to-the-editor" department. At least spacewise.

Although we appreciate the fact that letters supposedly show that the paper is being read, we doubt if The Press will ever be able to devote that much space to letters again in any one issue, especially if the letters are primarily devoted to one theme....i.e., how unfair and one-sided The Press has been in its coverage of the school district controversy.

We mentioned last week that something like 183-column inches of letters had been published that (1) were critical of the editorial position of The Press; (2) critical of George Vierhus; (3) anti-Neal Royer; (4) in support of the board majority that demoted Royer; (5) in opposition to those who didn't think the way the particular letter-writer did.

Not necessarily in that order.

The 183-column inches (1½-pages) was the total before last week's issue.

Now 50 more column-inches can be added to that.

-0-

THIS KING-SIZE VERbal onslaught has caused us to reevaluate the situation to some degree.

(1) We find no fault with the writers being highly critical of our editorial stand. We are used to it by now. We would, however, appreciate it if they would be a little more factual. But that may be too much to expect.

(2) Apparently allowing our critics the opportunity of using space in the paper to sound off has not been appreciated. We are still "one-sided."

(3) Apparently the people who claim The Press is one-

LIMIT POPULATION BY ZONING?

Fifth Congress makes firm recommendations

Should zoning be used as a possible means to limit population in the interest of environmental control?

That was one of the questions raised in a panel (ecology) in the fifth annual Congress of Community Progress held last Saturday.

Although only 80 people were in attendance at the Congress held at West Valley College, the recommendations submitted by the five panels (including ecology) could have a far-reaching effect on the entire community.

But that was what the fifth annual Congress was all about: "Campbell's Place in the '70's".

Sponsored by the Campbell Chamber of Commerce, the purpose of the Congress was emphasized by Bill Siden, of PG&E, in his slide presentation "Irresistible Campbell" in which he showed shots of the community both of an embarrassing and a complimentary nature which opened the day's program.

Saturday's Congress marked the fourth appearance of Siden and his slides. In his first showing in 1967, his presentation was entitled "A Stranger Looks at Campbell". His 1971 production illustrated the many improvements that have taken place in the community and it also revealed some areas of concern that still remained untouched.

LUNCHEON

Rusty Hammer, a senior at Del Mar High and chairman of the city's Youth Commission, as luncheon speaker, held the group's attention with an eloquent presentation of the thoughts of today's youth, emphasizing the need for involvement by all in community life.

Norm Paul, president of the Chamber of Commerce, presided at the luncheon in place of the Rev. W.H. (Ben) Gould, general chairman, who, after opening the Congress (the fourth of which he has been chairman) reported into the hospital.

(On Monday morning, the Rev. Gould underwent surgery from which he is reported at press time to be well on the road to recovery.)

Don Cupp, who has gained prominence by the operation of the Gaslighter Theater in Campbell, took over as moderator of the "miscellaneous" panel in place of Rev. Gould.

Between the two speakers, the five panels met, discussed, deliberated and then recommended. Following the luncheon the Congress reassembled to hear the recommendations

(Continued on Page 2)

Premiere tonight aids clock tower

Approximately 100 tickets will be available at the door of the Plaza Theater tonight for the gala premiere and champagne reception for the benefit of the clock tower for the city hall.

Tickets for the event sell for $6 per person, with curtain time for the show "New Leaf" starring Walter Mathau and Elaine May at 8:15 p.m. following the champagne reception at 7:30 p.m. More than 500 tickets have already been sold, it was reported this week.

Approximately $1200 has been raised toward the goal of $5000 from the six kiddie matinees which concluded last Saturday.

School board approves joint city - district mini - park plan

By a unanimous vote, the board of trustees of the Campbell Union (elementary) School District last Thursday approved the concept of a joint City of Campbell-school district development program for neighborhood parks.

The board directed its staff to work with the city in carrying out the program.

The City of Campbell, through the park bond issue passed in 1969, has allocated $10,000 for the development of each of seven neighborhood parks located at schools in the district. The schools involved are Dover, Rosemary, Rolling Hills, Hazelwood, Capri, Forest Hill and San Tomas.

Don Hebard, a member of the city's Planning Commission and formerly of the Parks and Recreation Commission, described the program for the board members.

Fred Peterson, district administrative assistant, submitted a report on the estimated maintenance cost for the parks that the school district would assume under the program.

Peterson explained that it was calculated at a high range because of a number of unknowns, but that the maximum cost was estimated in four years would be $28,200, or about $4,000 per park.

The first year cost was estimated at $10,400.

Hebard's report followed that of Hank Cary, of the Parks and Recreation Commission, who described the city's master plan for Rincon Park and how it would affect the school district. An unimproved six-acre parcel adjacent to Campbell Elementary School would be involved in the development of Rincon park.

The motion to participate with the city on the neighborhood park plan was made by Mrs. Judy Ruscigno and was seconded by Ralph Steinberg.

All the board members voted for the program, although Dr. Richard MacQuiddy, board president, indicated that he had some reservations about it, but that he had learned from contact with residents in the school district that it was what the people apparently wanted.

AT CAMPBELL AND BASCOM

It was clearance time

Store buildings that have for many years been a sort of a landmark at the corner of Bascom and Campbell Aves. were victims of the bulldozer this week as the above pictures testify. The iron monster in record time demolished two buildings at the intersection, one which formerly housed a market and the other, a converted dwelling, a furniture store.

Some time previously the service station that was also on the properties was removed.

Plans have been approved for a modern service station that will be constructed on the lots.

AS ELECTION DRAWS CLOSER

Charges fly in district

With interest of the community now focused on the school trustee election on April 20, when two board members are to be elected for the Campbell Union (elementary) School District, charges and countercharges by concerned parties relevant to the intra-district hassle have followed in rapid succession.

In two lengthy press releases, the three member majority of the board of trustees of the Campbell Union (elementary) School District recently offered statements in rebuttal to the response of Neal Royer, demoted superintendent, to the reasons behind his demotion on Oct. 8.

In a detailed reply signed by Dr. Richard MacQuiddy, board president, consisting of 1600 words, it was asserted that Royer falsely stated that his "demotion came without warning." MacQuiddy claims that Royer had been informed at a special meeting prior to the action that the majority of the board was displeased with his performance as superintendent and was given an opportunity to resign.

In another statement issued by the board majority, it was it was claimed that various erroneous statements have appeared concerning the postal inspector's investigation into the mailing of anonymous letters purporting to represent the views of the Campbell Elementary Teachers Association and the West Valley Federation of Teachers in connection with the board elections of April 15, 1969 and Feb. 17, 1970.

The board majority in the statement conceded that the postal inspection found no illegal activity, but maintained that the board majority had not charged Royer with an illegal activity in the first place.

The board majority, however, claims that Royer did type and distribute anonymous letters during both elec-

(Continued on Page 2)

Trustee hopefuls speak Thursday

Candidates for Campbell Union (elementary) School District board of trustees in the April 20 election are scheduled to take part in a candidates' night at Blackford School this Thursday, April1.

The final forum that has been scheduled will be held at Castlemont School on Tuesday, April 13.

There are five candidates seeking the two positions that are open. In the race are Dr. Richard MacQuiddy (incumbent); Jim Gilliland (incumbent); Dr. Robert L. King, Bob Lemmerman, and Dr. Ralph Anderson.

COMMUNITY EFFORT---In a tremendous response, beyond even the most optimistic estimate, the "John D. Morgan Fund" will be the recipient of more than $3000 from the proceeds of the buffet that was served at "Luoto's" in the Campbell Plaza from noon until 10 p.m. on Monday.

More than 1000 people went through the line on Monday before the food ran out, because of the unprecedented response.

Mr. and Mrs. Phil Luoto, owners of the restaurant, donated the food and facilities for the fund-raising event. Tickets were $3 each.

The fund was established to help defray the medical expenses of Police Chief John D. Morgan, who suffered a stroke on Feb. 13, and has been paralyzed since that time. He is now at the Westgate Convalescent Hospital.

Sgt. John Butler said this week that not counting the Luoto event on Monday, contributions to the fund had reached almost $6000. He said that Ward Pinther of the Straw Hat Pizza had contributed $125 from proceeds of a benefit last Thursday. More than $3700 has been expended to date, Butler said. Contributions can be made at either Bank of America branches in town.

In the above photo, Chef Gil Nevarez, of Luoto's, points out to Mrs. Bobbie Luoto that the food was running out.

Assisting in the serving of the 1000 people were wives of the Campbell police officers, (picture inside).

Editorial

The Press Erred

In the March 10, 1971 issue of The Campbell Press, there appeared in this space a letter containing the reasons that the majority of three members of the Campbell Union (elementary) School District board of trustees used as the basis for the demotion of Neal Royer, superintendent of the school district since 1964.

In the adjacent columns, Royer answered the charges point-by-point in an "open letter" to the taxpayers and employees of the school district.

Reprints were made of these articles and distributed throughout the district.

Unfortunately, a combination of typographical-mechanical errors occurred in the reproduction of a minor nature.

Inadvertently, in reproducing the letter from the three board members that was signed by Dr. Richard MacQuiddy, one of the charges was repeated while an additional charge that was in the original letter was omitted.

Although in no way did these two errors alter the basic principles that were involved in either of the two letters, The Campbell Press sincerely regrets that they occurred.

In the March 10 issue, the paragraph, which was repeated, pertained to the participation in the preparation and distribution prior to the Feb. 17, 1969 election of written materials purporting to represent the views of the A.B.C. Unit of the Campbell Elementary Teachers Association.

The charge that was omitted in the reproduction of Dr. MacQuiddy's letter was the third paragraph under this statement:

"You have failed to carry out your responsibilities in the supervision and management of district funds. Specifically, a majority of the board is concerned with your:

(1).....(correct in original reproduction - March 10)

(2).....(correct in original reproduction - March 10)

(3) "approval or direction that during the 1968-69 school year, expenditures for field trips taken by pupils of various schools within the district be charged to budget accounts which represent funds for the transportation of educationally handicapped and physically handicapped pupils and funds for community recreation or special programs."

Here is Royer's response to the omitted paragraph which, incidentally, was also omitted:

"It is legal and proper to use recreation funds for recreational field trips. The board has approved the use of buses for transporting students to Summer Music Program, Summer Swim Program, and athletic teams for after school games. Special funds may also be used for such trips. I would be happy to answer specifics in this matter if Dr. MacQuiddy specifies."

The Press sincerely regrets that the errors were made, but is pleased that the basic concepts contained in the two letters were unaffected by them.

Bikeway financing

The suggestion has been made that bicyclists in the county might be receptive to the idea of the establishment of basic annual permit fees, if they were assured that the money raised in such a manner would be channeled to the development of bikeways.

We believe the idea has merit and should be explored to the fullest by both city and county authorities.

We have no idea of how much such a fee would be, but a number of bike enthusiasts have indicated that they were certain that a fee of $5 per bike would not be out of line.

We recognize that many problems must be resolved before such a program could be instituted.

For example, we doubt if there is an accurate count at this time of the number of bikes that are now in use in the area.

We recognize also that there would be problems in the levying, the collection and the policing of the program.

We are well aware, as a case in point, that dogs must be licensed in the county (the fee has just gone up, incidentally), but there are many dog owners who ignore the licensing and do not pay the annual license.

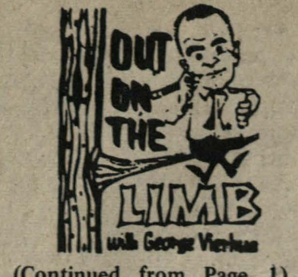
We do believe, however, that a majority of the bike owners would support a moderate license fee, if, as we said, they were assured that money raised would go for bikeway improvements.

It has been estimated that a bikeway along Los Gatos Creek could be constructed at a cost of $7000. That would be an example of how the bike-fee money could be used.

We realize, of course, that any new taxes, even when they are labeled license fees, are not popular.

However, in this particular instance, we believe the idea has merit and is worth exploring.

MORE ABOUT



(Continued from Page 1)

sided, biased and unfair are not reading their own letters. Their letters, we are certain, could never be classified as "unprejudiced." It seems they presented the "other side" quite adequately. At least they have used up a lot of space presenting something.

(4) Just in how many ways can one be called unfair and biased? Does it take a whole raft of letters to say the same thing?

(5) So, whatever we do, seems to be wrong in some people's mind. They berate us and claim that we are unfair and one-sided, but in very definitely one-sided letters that we publish.

(6) What's the use?

-0-

THERE WERE A NUMBER of interesting points raised in a few of the letters that we received.

Two of them, which came into us after the deadline, were apparently written by man and wife.

They came in separate envelopes, but from the same address.

Obviously they were written on the same typewriter, which needs a new ribbon, incidentally, and a good cleaning.

Why they didn't combine their talents in a joint effort we don't know. The contents were basically the same.

They both claimed The Press has been one-sided in its coverage etc.,etc.

The addresses on the two letters indicated that the twosome resided in the Cupertino elementary school district and the Fremont High School District.

We find no basic fault with people from outside the Campbell school district boundaries closely following the local situation. It has been publicized quite extensively.

But, golly, we thought it was a little much to catch the dickens from them.

Don't they have their own school district to worry about?

It seems we read where Cupertino faces a "grave crisis".

But, really we don't mind hearing from a husband and wife in separate letters. Generally, however, that situation occurs when there is a divergence of opinions in a household.

Maybe that's why we checked out the address.

Or do you control your wife's opinion better than we do in our house?

-0-

ONE POINT THAT WAS raised, questioned why we had not run an announcement of the candidacy of Dr. Richard MacQuiddy, who is seeking reelection to the school board.

It was pointed out that the other candidates had their pictures and announcements in The Press.

That's easy to answer.

The Press reported that Dr. MacQuiddy was seeking reelection, as was done for the other candidates.

The other candidates have contacted The Press and their announcements and pictures were published. The Press has yet to hear from MacQuiddy.

Next question.

-0-

PAINTING HOUSE NUMBERS on the curbs, we have long been convinced is a good idea.

It is especially of value to those people (and we are in that category) who are unsure of the place they are going, and who dislike pushing shrubs aside to find a house number or having to take an educated guess, and then ending up on a stranger's doorstep.

From time to time, high school students in sort of a casual way have embarked on curb - painting projects throughout the town, charging the residents a nominal fee, and thereby getting some extra money.

Permission for the youths to paint the curbs has generally been granted by the City Council with a pat-on-the back thrown in for good measure.

Recently, however, curb-painting, it seems, has been preempted to a degree by older participants and a faint aroma of "commercialism" has touched the activity.

And you might say they have become a little "pushy" in the field.

There have been complaints from citizens who have been requested to pay for the service without prior permission being granted.

In fact in our own case, we didn't know the job had been done on our curb until some guy came by to collect. We paid.

But we suggested we didn't like the approach.

That approach is not supposed to be used.

-0-

THERE IS NOW AN OFficial city policy on curb painting, adopted by the City Council. It specifies that consent for the service must first be received from the customer.

And the painters have to be either residents or have their places of business in Campbell.

Although the complaints from the residents helped stir things a bit, it was an application from a businesswoman in San Jose to operate a regular curb-painting service within the city limits that brought matters really into focus.

The councilmen indicated that they were reluctant to see the activity commercialized to such an extent, and thought the local kids should have first crack at it.

Hence the new policy.

You might say that outsiders have been curbed on this deal.

MORE ABOUT

Recommendations

(Continued from Page 1)

that the panels had hammered out in the morning session.

All five of the panels made definite recommendations. Some were more specific than others, and some, if carried out, would make drastic impact on the community; for example, the ecology panel's suggestion of the possibility of the use of zoning to limit population.

ECOLOGY

The ecology panel was moderated by Homer Hyde and in the statement presented with its recommendation it was pointed out: "The environmental-ecology problems are the result of people-population growth and a continuing disregard for the environment."

The panelists agreed also that Campbell's place in the '70's in the area of ecology would involve the assessment of the attitude of the people toward their community's environment through the total spectrum of pollution.

It was also emphasized that some local organization should be created to work with higher authorities in the support of environmental programs.

EDUCATION

The education panel, moderated by Bob Turk, submitted that education in the state is in a state of crisis.

It is imperative that the community utilize all of the resources which are available to continue to work toward the superior educational program for which the Campbell schools have long been recognized.

The panel also recommended that the Chamber of Commerce take the leadership in developing a public information program to improve the student and voter apathy and move toward positive solutions to present financial crisis.

It was suggested that a "Community School Concept" involving all agencies be established and that a study be made of the development of more "outdoor education programs" which could utilize the total resources of the community and surrounding environment.

LAW AND JUSTICE

The law and justice panel, moderated by Police Captain Don Burr, acting police chief of Campbell, emphasized that law and justice were at a critical point in all areas and that the citizens must be concerned.

The panel recommended that the legislators work toward the establishing of night courts so defendants will not automatically pay fines rather than lose time and salary by going to court.

It was also recommended that the police continue with its involvement with all school levels and that the courts should continue to see that justice be more of a means rather than an end.

TAXATION

The taxation panel, moderated by John Ruppel, recommended that the State Legislature discontinue the practice of mandating programs which cost local government money without supplying the necessary revenue to carry out these programs.

The panel also recommended that when new services are proposed every attempt should be made to use existing local agencies to supply the services and for the use of mutual aid agreements in lieu of creating new agencies.

It was also recommended that the city and CofC carefully review all tax reform acts for their future impact on local governmental agencies.

MISCELLANEOUS

The miscellaneous panel, which was moderated by Don Cupp, recommended that a citizens' group be formed, under the City Council direction, to fully examine the master plan for Campbell. Special emphasis should be on the annexation of unincorporated islands and whether a major revision of the master plan was needed.

The panel raised the question also of whether the community needed and wanted a community hospital and emphasized that the present Campbell Community Hospital needs support to survive the growth.

The panel commended the Campbell JayCees for initiating a "do something" volunteer person-to-person assistance program.

OPENING

Britta Tigan led the flag salute to open the program after registration and the Rev. Leonard W. Bose, pastor of St. Lucy's, offered the benediction.

Siden and the panelists were introduced by the Rev. Gould, who also asked that prayers be offered for Police Chief John Morgan, a member of the Congress committee, who was stricken on Feb. 13 and has been paralyzed since that time.

MORE ABOUT

Charges fly

(Continued from Page 1)

tions. The majority also maintains that these letters misrepresented facts.

In conclusion the board majority emphasized that they considered this alleged activity of Royer was "improper", claiming that the difference between "illegal" and "improper" was "one of substance and not semantics."

"The board majority," it was further stated, "does not subscribe to the theory that any conduct by a superintendent is permissible so long as it does not violate the law."

In MacQuiddy's press release in answer to Royer's response to the reasons the board majority used for his demotion, it was further claimed that Royer's open letter had failed to offer a defense or deny the publicized reasons for his reassignment, but merely was a "smoke screen" used to cloud the issue.

The statement claimed also that Royer had prepared a distorted version of the school board's letter to distribute to the press. It was claimed that he had added one paragraph and omitted another. **(EDITOR'S NOTE: The error was not Royer's, but was made by The Press. The correction has been made. The Press regrets this occurrence.)**

The statement goes on to claim that Royer had put the blame on the board for failing to deal with the lack of sufficient income to meet the district's expenses.

MacQuiddy's release submits that it was Royer's responsibility as the district's chief administrative officer to keep the board informed of the need for new taxes and to vigorously pursue his recommendations. The statement claims that Royer was silent for eight months while the district's financial status was declining.

The statement maintains also that there was a breakdown in communications between the teachers and the board and that communications from the teachers negotiating council were not reaching the board.

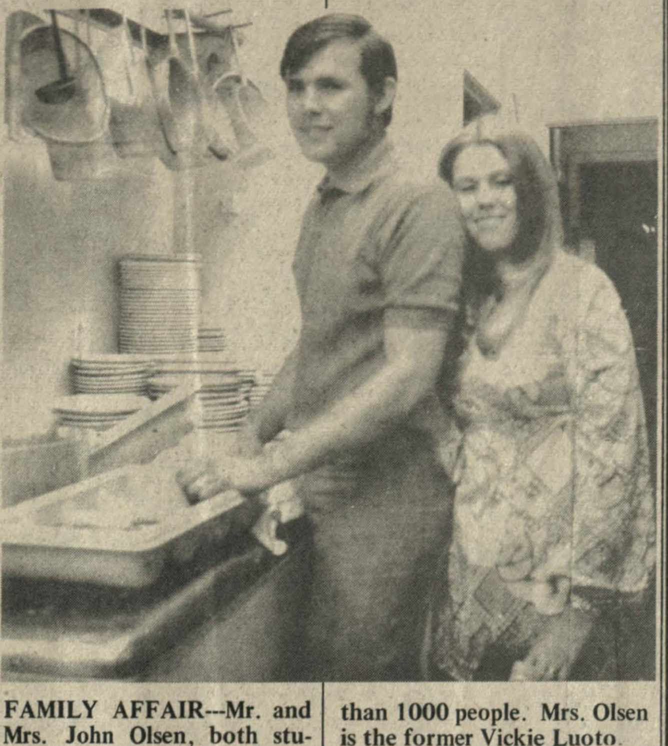
The statement further claims that it was the opinion of the board majority that Royer was incapable of operating the district harmoniously.

It emphasized that during the five years that Royer had been superintendent, six administrators had quit, while during the 18 years previously under Superintendent Bill Henley, only one administrator had left.

HELPING OUT---Wives of Campbell police officers assisted Mr. and Mrs. Phil Luoto of "Luoto's" on Monday, when more than 1000 people went through the serving line at the restaurant. All the proceeds from the buffet went to the "John D. Morgan Fund". It is estimated that more than $300 was raised by the buffet.

Pictured are five of the wives who helped with Phil Luoto in the background. The gals, left to right, are Mrs. Barbara Knox, Mrs. Vi Mann, Mrs. Ruthie Eddlemon, Mrs. Sandy Kelly and Mrs. Sue Dore.

Others helping included Mmes. Norma Butler, Darlene Burr, Jeanette Fallgatter, Shirley Oliver, Lou Furtaw, Rhio Wooley, Barbara Manfre, Jackie Allison and Helen Dreher.



FAMILY AFFAIR---Mr. and Mrs. John Olsen, both students at the University of California, Davis, took a break from their college work to lend a hand at "Luoto's" on Monday when a benefit buffet for the "John D. Morgan Fund" was served to more than 1000 people. Mrs. Olsen is the former Vickie Luoto.

Does life have its ups and downs?

Only if you let it. But suffering from good and bad days, business cycles, emotional highs and lows, is contrary to God's law of constant good.

Nathaniel Ridgway White of The Christian Science Board of Lectureship explains how, with a new view of God's unlimited, unceasing goodness, you can build your life without fear of reversal.

He shows how a businessman applied his knowledge of God's law of good to save his failing business. Mr. White's message, "The Continuity of Good," could give you a new sense of freedom.

College board takes steps to sell bonds

Trustees of West Valley College have taken steps to sell $1.25 million in bonds to the federal government for payment of the new student union on the Saratoga campus.

The center, which is 80 per cent complete and will be ready for occupancy next fall, has been constructed at no cost to any district taxpayer. The bonds will be paid off over a 40 year period with the profits from operation of the bookstore and a mandatory fee which students will begin paying next fall.

The students, thus, will pay for the entire cost of the building, including the furnishings, which are being paid for with student body funds.

In other action the board:

Selected Metcalf and Gianni, certified public accountants, for audit services for the 1970-71 school year.

Approved nine adult education classes to be offered through the Office of Community Services, including an anti-smoking clinic; "The Law: How It Can Work For You"; "Consumer Economics: Get the Most for Your Dollar"; "Women in a Changing Society"; "So You Want to Start Your Own Business: What Now?"; and a "Literacy in Spanish" class requested by the Alviso Mexican-American community.

Approved a contract with Mark Thomas and Company, Inc., San Jose, for engineering services, as "engineer of work" for the Saratoga assessment district being formed between the college and the city of Saratoga.

Awarded a bid for equipment and fixtures for the Saratoga campus bookstore on a three-year lease purchase basis to John's Custom Fixtures in the amount of $25,748.

Awarded a bid for audio visual equipment on a three-year lease purchase basis to nine firms in the amount of $17,732.

ASSEMBLY

Preparation is under way for the semi-annual circuit assembly of Jehovah's Witnesses at the Exposition Hall in the Santa Clara County Fairgrounds April 2 through 4, announces Salvatore Pavone, presiding minister of the Campbell South congregation.

"Implanting the Word" is the theme of this assembly.

GUEST PREACHER

The Rev. Mortimer Stocker, pastor of the large First Presbyterian Church of Everett, Washington, until his retirement last year, will be the guest preacher at the Trinity Presbyterian Church, 3151 Union Ave., San Jose, Palm Sunday and Easter.

CAMPBELL

M C s b E L R A

By Dawn Stoudinger

Our hour lunch at Campbell is still considered a new experience, so you still have the mad rush of students bursting through the doors to the outside world at lunch time, but with this too, you also find many students paying much more attention to their classroom work, in the extra time allowed them by this hour lunch.

According to the students when asked how they felt about the new schedule, these were the comments as follows:

Cindy McGrody (Jr.) - I think the hour lunch is really good. It gives you a chance to go different places and take your time when you eat.

You can also go to classes if you need help instead of staying after school.

Lisa Jensen (Jr.) - The hour lunch is good for those who go off campus to eat or go home, but for those who don't, there isn't anything to do.

If it rains they should have a rally maybe, or possibly the school could organize some games, maybe between classes, for those who are interested.

Marian Swan (Jr.) - I think that the hour lunch is good. You can go to different classes if you need help with classwork instead of staying after school.

It also gives the people going off campus more time to eat, but for those staying on campus or if it rains there should be something for them to do.

The only thing bad is the tardies to class after lunch.

Peggy Wright (Fresh.) - I love it!

Mike Maniglia (Soph.) - It gives you time to eat and do what you want. You go see a teacher, talk to your friends, things like this. It's great.

D. O. (Jr.) - It seems to be pretty good. Now you don't have to jam all your food down your mouth. It's far out.

Paula Yeager (Soph.) - It gives you time to relax and unwind.

David Rosenthal (Jr.) - Whoever first introduced the idea of having an hour lunch should certainly be commended. It seems to be working beautifully.

It gives the students a chance to converse with teachers, and to possibly increase their understanding in their studies. But also, the hour lunch is an opportunity for students and teachers alike to relax after three hours of classes, and to prepare for the last three hours.

I hope that students from other schools will soon be able to benefit from an hour lunch period, too.

Glen Witherspoon (Jr.) - I think it's great because it makes it easier to get to class on time. It also gives students a study period and makes it easier to go off campus for lunch. Lunch off campus makes for healthier students.

I then went to talk with Mr. Armistead, vice-principal at Campbell, and asked him how long this trial period for the hour lunch was to last, because, I had heard several different rumors.

He said that the minimum trial period was for 3 weeks. Then they planned to evaluate the lunch period with a survey beginning with students, parents, teachers and so on.

Mr. Armistead stated that the faculty and administrators had set many goals to be achieved by this hour lunch, and he, along with the rest of the administration, hopes that all of the goals will be fulfilled.

They are the following: That clubs and activities should be more active during lunch, as well as after school. ....more programs for entertainment and recreation, which would develop teacher response about increased student activities and less interference of 4th period disturbed by lunch.....that the students feel that the teachers are more available.....that students do better in their studies since there is more teacher and student involvement, and last of all, they would like to see more informal contact between student and teacher.

MINI-COURSES

The one last item I talked to Mr. Armistead about was the new mini-courses offered during lunch. You don't receive a grade for the course, it's just for the individual students knowledge and enjoyment. They hope to try to bring different persons of the community to come in and lecture on hobbies, vocational interests, and so forth. Right now they have a mini-course on the Selective Service. It's pretty good too.

Branham High

By Roberta George and Mary Watson

"The Apple Tree," a comedy-musical, will be Branham's all-school play, according to Barbara Kaspian, drama advisor.

The play, which will be presented May 6–8 at 8 p.m. in the Bruin Cafeteria, consists of three acts.

The opening act is the story of how Adam, played by Bruce Stephens, and Eve, played by Kathy Snider, were removed from Heaven and what happened to them while in the Garden of Eden.

The second act, entitled "The Lady or the Tiger" concerns a man who must rely on his girl friend for the right choice of two doors, which will determine his life or death.

Actors and actresses include: Ted Champign, Sandjar; Lauren Williams, Barbara; Bob Asea, the king, and Sue Bradshaw, Paladear.

"Passionella," the third and final act is about a chimney sweep who turns into a movie star over night and finds happiness and love in the end.

Passionella is played by Senior Ellen Heckemeyer, while Flip is Ted Campign.

Admission to the play is $2 and tickets can be obtained at Branham or at the door.

DKG DINNER

Gamma Omega chapter of Delta Kappa Gamma, International Honor Society for Women Teachers, will meet at the home of Mrs. Carol Ames, 20365 Prospect Rd., Saratoga, April 1 at 6:30 p.m. for a catered dinner.

Co-hostesses will be Mrs. Jennie Ehrenberg, Mrs. Ruth Owen, Mrs. Celia Snow, all of Saratoga, Paula Tamura of Santa Clara, and Mrs. Minnie Burke of Los Gatos.

Atha Jane Haywood of Los Gatos, legislative chairman of Gamma Omega, will lead in a discussion, continued from March meeting, of legislation pertinent to education with special emphasis on the voucher plan.

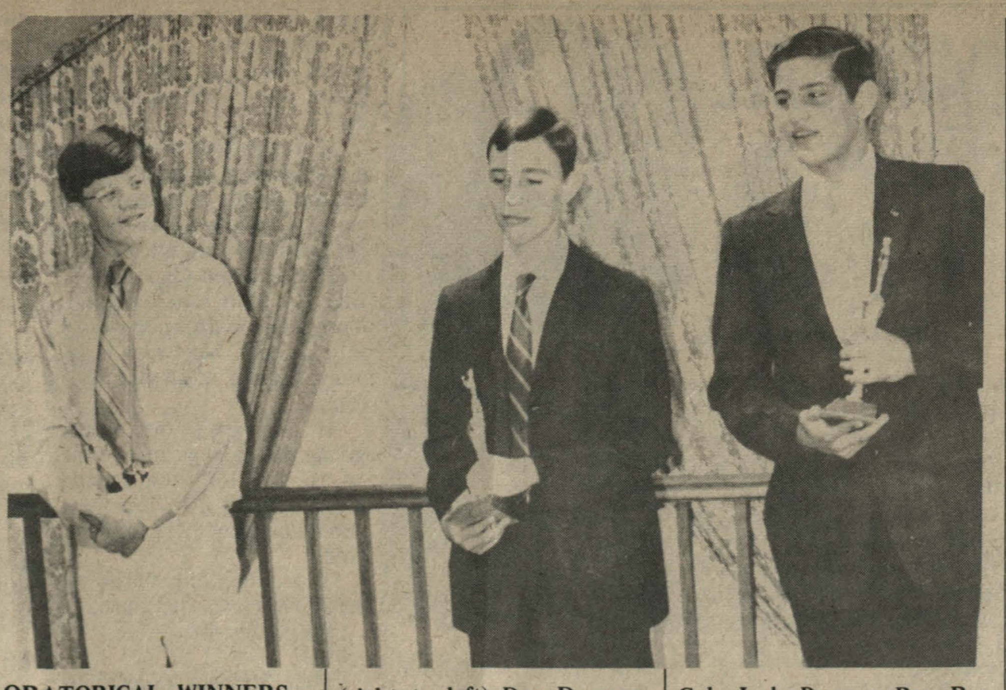
PUBLISH: March 31, April 7, 1971.



ORATORICAL WINNERS---Campbell Optimists recently sponsored their annual oratorical contest for students 15 years and under. Winners were (right to left) Don Dorman, Mike Kaplan and Allen Pollock. Contest judges were Neal Royer, Larry Hill and Col. Jack Parsons; Ray Rodoni was timekeeper. The boys later competed in zone competition.

Low income groups join youth camps

Disadvantaged youngsters in Campbell who have not had the experience of outdoor camping will get that chance this summer thanks to the United Fund.

Campbell children from low income groups will be able to join more than 1,000 other first-time campers in Santa Clara County at one of the 39 resident and day summer youth camps in northern California.

Money for the camperships, some $19,000, came from a special allocation from United Fund volunteers. It is a $2,000 increase over last year.

Last summer 16 local youths participated in the program which, in only its third year, helped to send 917 young people living in Santa Clara County to camp.

All referrals are reviewed by a volunteer committee of the Social Planning Council, a UF agency, which will also conduct pre-camp planning sessions with parents, relatives, and agencies.

Because of priorities set by the committee, United Fund and non-UF agencies receiving additional campership funds will be asked to relax membership requirements in order to involve more of these youngsters in the program.

HAVING A BALL---Mr. and Mrs. Ed Spehar were among the merry makers at Bishop O'Dowd Council, Knights of Columbus' 19th anniversary dinner dance recently. Service awards were made to three past Grand Knights, Bill Podgorsek, John Ahearn, Sr., and Irwin Pasternak by Grand Knight Fred Baker.

Camden Hi Notes

by Donna St. Cyr

Auditioning is over and the cast members are busy working toward the production of "David and Lisa", this year's all school play, which previews April 29 in the Camden cafeteria.

The play is a story about two mentally-disturbed adolescents named David and Lisa. David is the only son of wealthy parents and has a mania against being touched.

Lisa is a neglected child who has developed a split personality and is in effect two different girls. The play follows these two children and their fellow students through a one-year term at Berkeley School, where they are under the supervision of psychiatrist, Alan Swinford.

The cast, under the direction of Miss Taylor and Assistant Director, John Parker, are as follows; Greg Parsons, Karen Balkow, Peter Tonmonup, Linda Kemp, Mark Gunsky, Judy Kohlen, Geri Braden, Jeanne Martin, Ruben Cabrera, Janet Gillis, Dean Daily, Laura Menden, Pam Cumbie, Nancy Coleman, Paul Wright, Randy Roetman, Mike Cuntice, Karen Lovell, Anita Cortez, Pat Bottorff, Mike Blaisdell and Chuck Morello.

* * *

If you've ever been late to class at Camden, you've no doubt experienced that unique privilege of being able to go to the Dean's Office to get a tardy slip. You've probably enjoyed it too. After all, what could be more pleasant than a leisurely stroll down the empty corridors in the fresh air?

But even more fun is when you finally enter the class after about 10 minutes with your tardy slip and proceed to disrupt the entire class by interrupting the teacher's lecture to hand him the tardy, tripping over desks or extended legs of students, and causing overall turmoil by talking loudly and wasting five minutes before you finally take your seat. During this time you can sharpen your pencil (the perfect squelch without words), ask other students for paper or pencils, etc.

In a nutshell the tardy system, devised by the faculty and administration to punish and inconvenience the student ends up giving the student a good laugh at the expense of the teacher and his classmates who arrived on time, not to mention the people in the Dean's Office who must read the ridiculous excuses and fill out the time wasting slips.

Perhaps with the current revision of the bell system, the tardy system will improve as well. But until then, take full advantage of your tardies by wasting as much time as possible, and making a big ruckus when you return, but don't overdo it! The teacher may not send you out for one next time.

Around and About

HOEDOWN

The Dudes and Dolls Square Dance Club is having their 20th anniversary Hoedown Saturday, April 3, from 8 to 11:30 p.m. at Camden High School in Cambrian Park. The theme of the program is the "Roaring '20's" and there will be a prize for the best costume. Sharing the billing for the calling are Brad Bradford and Art Davis. The club is the oldest square dance club in the valley in continuous existence.

For further information call 377-1644 or 264-0293.

DINNER

Members of Bethel No. 174 are hostessing a dinner in a simulated "Alice's Restaurant" atmosphere at Orchard City Grange, 109 N. First St., on Saturday, April 3 from 5 to 6:30. Menu will be turkey, dressing, potatoes, green beans, rolls, carrot salad and a choice of apple, berry or pumpkin pie.

In addition, the girls will hold a bake sale, according to Alice Mackay, senior princess. Tickets may be purchased at the door.

PICTURES TO SEE

Members of the San Jose Light and Shadow Camera Club will present their 20th annual exhibition of photography at Rosicrucian Egyptian Museum from April 1 to 28. Local members include Joe Adler, Jack Jurges and Ron Fournier.

RUMMAGE

Ada Rebekah Lodge 223 will sponsor a rummage sale April 7 and 8 from 9 a.m. to 5 p.m. at 342 E. Campbell Ave. Proceeds will benefit several charities, including the Odd Fellows and Rebekahs Children's Home in Gilroy.

Garden club installs officers

Campbell Garden Club, a member of the California Garden Clubs, Inc., will meet Wednesday, April 14 at 10 a.m. at the Congregational Church of Campbell.

Mrs. Edie Pate, past director of the Santa Clara Valley District will install the following officers: Mrs. B.A. Brigham, president; Mrs. Edmund Birr, first vice-president; Mrs. Mary La Rocca, second vice-president; Mrs. Mary Baycura, recording secretary; Mildred Coughlin, corresponding secretary; Mrs. Minnie Snyder, treasurer; Mrs. Pedro Kuri, parliamentarian, and Mrs. Joseph Aversente and Mrs. J. Hartman, directors.

Mrs. Kuri will be chairman, assisted by Mrs. Grayce Takunaga, Mrs. Jane Fursh, Mrs. Emma Martin, Mrs. Victoria Cracolice and Mrs. Alma Moore.

A workshop was held recently at the home of Mrs. Lou Maratti to make favors for Agnew State Hospital.

St. Lucy's girls win awards

Two St. Lucy's students committed themselves well in an art contest which pictured a San Jose historical site as the subject.

First in student awards went to Colleen McCarthy, an eighth grader at St. Lucy's and first student in the open contest went to Kathleen McCarthy, a fifth grader at St. Lucy's.

SPORTSCAR RALLY

"Rallye 'Round Roger" is the theme of a benefit charity sportscar rally which will be held on Sunday, April 18 from Berkeley to St. Helena sponsored by Golden Bear Motorsports of Berkeley.

Entry fees from participating cars will be turned over to the Roger Garcia Fund, a special fund which was set up locally to benefit Roger Garcia of Campbell and help pay some of his medical expenses.

The rally will commence at 9:30 a.m. and drivers are asked to bring a picnic lunch. The destination is the Beringer Winery at St. Helena.

BENEFIT BREAKFAST

Orchard City Grange will sponsor a breakfast to benefit the John D. Morgan Fund at the Grange Hall, 109 N. First St., on Sunday, April 25 from 9 to 2 p.m.

Persons wishing to attend the breakfast should call 379-0635 or 243-2630.

ALTAR SOCIETY

St. Lucy's Altar Society will meet in the church annex on Thursday, April 1. The meeting will be conducted by Mrs. Mary McClafferty and plans will be formulated for the annual salad luncheon on April 22.

And a honeymoon in Carmel

MRS. RONALD GENE COFFELT

The Congregational Church of Cambpell was the setting for the afternoon ceremony which united Wendy Onette Wenger of Campbell and Ronald Gene Coffelt of San Jose recently.

Wendy, the daughter of Mr. and Mrs. William O. Wenger of Campbell, was preceded by Mrs. Ronald Finch, matron of honor and her cousin, and Reba Bartholow, Susan Peterson and Patricia Szmyd, who wore gowns of modern block print voile of navy and white with fitted waists, full three-quarter sleeves, full skirts and a square neck outlined with Venice edging. Daisy trimmed wide brim white straw hats with long apple red satin streamers matched the sashes of the dresses. Mrs. Finch carried a red carnation nosegay and the bridesmaids carried nosegays of peppermint carnations.

The bride's gown was an A-line skimmer of Fantastic. The yoke and bishop sleeves were or organza. A double bow accented the Watteau back that flowed into a sweep train. Her Cathedral veil of silk illusion with Venice motifs and edging was custom made by her mother. Her headpiece was a Juliet band with pearl accents and her bouquet was of white butterfly roses, stephanotis and baby's breath.

Wendy is a graduate of Campbell High School, attended Chico State College and is employed by American Savings and Loan.

Her groom, the son of Mr. and Mrs. Marvin B. Coffelt of San Jose, attended Overfelt High School and San Jose City College. He is employed by Pacific Telephone.

The newlyweds greeted guests at La Hacienda Inn following the ceremony and then journeyed to Carmel for their honeymoon. They are now making their home in San Jose.

County health office offers free pap tests

The County Health Department is now offering free Pap tests, a cancer checkup for women, at clinics in six areas of the County as part of its Multiphasic Screening Program.

Members of the health department staff explained that the test is a highly reliable way to detect uterine cancer, one of the most common forms of female cancer. The test can show up a cancer in the early stages when it can be treated and cured, they reported.

The tests are being paid for under a $9,000 grant to the health department from the American Cancer Society's Santa Clara County unit.

The primary purpose of the grant is to make the tests available to women who do not have the opportunity to see a doctor regularly.

To arrange for a test, a woman should call the health clinic nearest to her home for an appointment.

The clinics and their telephone numbers are: Civic Center, 151 W. Mission St., San Jose, 297-1636, Ext. 234; Central Office, 2220 Moorpark Ave., San Jose, also 297-1636, Ext. 234; East Valley, 1989 McKee Rd., 251-2760; Sunnyvale, 660 S. Fairoaks Ave., 732-3720; San Martin, 80 Highland Ave., 36 80 Highland Ave., 683-2683, Ext. 251, and Gilroy, 650 W. Fifth St., 842-7141.

Other tests available at these clinics are for glaucoma, diabetes, high blood pressure, height and weight, lung and heart disease.

District Deputy visits St. Lucy's YLI Thursday

Mrs. Marge (Henry) Young, District Deputy of District 13 of the Young Ladies Institute, will make her official visit on Thursday, April 1, to the St. Lucy's Institute No. 204.

"April Fool Nite" is the theme St. Lucy's has chosen for their welcoming meeting.

Initiation of new members is also planned.

Chairman for the evening is Mrs. George Gray, assisted by Mrs. Irwin Pasternak. Committee member working on the arrangements will be Mesdames Velma Branigan, William Chicoine, William DeRosa, Jack Mardesich, John Scarpace, Miss Doris French and Miss Alice McKay.

Serving on the refreshment committee will be the Mesdames Louis Flores, Ann Furtado, Antone Millich, Paul Munson, and Barbara Urata.

Cambrian Park young musicians play tonight

Young musicians from the Cambrian Park area will be assembling at the Camden High School auditorium this Wednesday evening (March 31), for the first annual Cambrian Area Music Festival.

The program, beginning at 7:30 p.m., is open to the public free of charge.

Featured on the program will be the Cambrian Elementary School District Honor Orchestra, the Ida Price and Houge Junior High orchestras and the Camden High School band.

The finale for the evening will be a massed orchestra consisting of the combined junior high school and Camden orchestras under the direction of Camden musical director, Glen Benner.

The purpose of the program is to provide an opportunity for young musicians to meet and hear other musicians from the area and to develop a continuing relationship between the instrumental performing groups.

The program is especially designed for the younger musicians who will be given the opportunity to play with more advanced players and to hear the higher level groups they may look forward to belonging to in the future.

St. Thomas has fashion event

St. Thomas of Canterbury Church is inviting the public to a combination fashion show and wine tasting party on Friday, April 16 from 7 to 9 p.m.

Theme of the event is "Summer Days" and entertainment will be provided by a German band.

Carolyn Harr is chairman. Reservations may be made by calling 379-0165.

Switch to new keyboard method

Typing on electric keyboards will be the subject of a new class at Prospect High School beginning Wednesday, April 14, 7-10 p.m.

Under Metropolitan Adult Education instructor Donna Henderson, the nine week class will help prospective typists make the switch from manual to electric. Prior keyboard knowledge is prerequisite.

Students not formerly enrolled in adult education must pay a $1.75 fee when registering. All interested must register in person at the Prospect Adult Center, 18900 Prospect Rd., Saratoga, any Monday or Wednesday evening after 6 p.m.

GARDENING

Dig 'N' Dream Garden Club will hold its regular meeting Wednesday, April 7, at noon, at the Cranberry House in Los Gatos.

Following the luncheon will be a short business meeting, and installation of officers. Mrs. Gene Vennum will conduct the meeting.

Tasting and art show planned at Novitiate

Campbell JayCettes will have a wine tasting and art show on Saturday, April 17 from 3 to 5 p.m. at Los Gatos Novitiate. Proceeds from the event will be divided between the San Jose Children's Shelter and the John D. Morgan Fund.

Mrs. Norman Wood, a new member of the group, will chair the event. Assisting her will be Mrs. Larry Townsend, tickets. They may be reached at 287-2442 and 253-7594.

Mrs. Don Russell has taken the responsibility of arranging for the show and has invited many local artists to display their work, including Bonnie Rodehorst, Mary Margaret Novak, Garey Wood, Shirley Tucker, Jan Russell and several others. These artists will offer works for sale.

Mrs. Joe Brundage, past president of the JayCettes, is in charge of door prizes.

BARREL OF FUN--The wine tasting and art show planned by Campbell JayCees to benefit the John D. Morgan Fund and the Children's Shelter, tempted Mrs. Joe Brundage (left) and Mrs. Don Russell (right) to see if they could hang one of Garey Wood's paintings (center) inside the Los Gatos Novitiate. The event will be held Saturday, April 17.

Keyclub swings for Easter Seals

Members of Camden High School's Key Club, a Kiwanis affiliate, will take part in a "marathon swing" to raise money for the Easter Seal Society for Crippled Children and Adults of Santa Clara County, according to Dave Rogers, Key Club president.

Beginning at noon on April 3 through April 10, the students will swing in pairs on an old-fashioned rope and board swing in the Princeton Plaza shopping center at Blossom Hill and Kooser Roads. Local merchants and friends have pledged to donate from two to ten cents apiece to Easter Seals for every hour the boys swing.

The greater the number of pledges the student receives before he swings, the higher the ante he is swinging for. Pledges will be taken throughout the week, so that the stakes will be even higher, and the incentive for the boys to continue, even greater.

Mike Cuffaro leads in pledges to date, and he will be starting to swing for more than $5 an hour when the marathon gets under way. The students will swing day and night, in four-hour shifts.

Persons who want to pledge donations are asked to call 377-8763.

Lecture given on superstition

Comments such as "This is too good to be true" are superstitions which need to be challenged, according to a lecture to be given Tuesday, April 6 at 8 p.m. at St. Francis Episcopal Church in San Jose.

Nathaniel Ridgway White, C.S., of Rumson, New Jersey, will share insights in his lecture about breaking the fallacy of believing in the necessity of cycles of good and bad times or conditions.

A former journalist, White is on extensive tour as a member of The Christian Science Board of Lectureship.

The lecture is free, and local members have invited the public to attend.

CARDS

A card party will be held Monday, April 5 at the American Legion Hall on Dell Ave. at 1 p.m. Prizes and refreshments will be given.

New Commission members take office Monday

Two new members of the Planning Commission, Myron Alexander and Bob Stewart, will be at their first meeting next Monday, April 5, when the Commission considers plans for a four-unit apartment at 760 West Valley Dr., and for a 52-unit complex at 153 and 159 Union Ave.

Alexander and Stewart replace Jack Healey and Frank Klein on the Commission. One more vacancy exists on the Commission because of the resignation of Merrill Grim.

The Council expects to make that appointment on April 12 from a list of five applicants.

The Council and Planning Commission held a joint study session on Monday of this week (the fifth Monday) at which all the applicants for the Commission were present.

On the agenda for next Monday also are plans for two warehouses on McGlincey Ln., and for an industrial building at 60 and 66 Dillon Ave.

The Commission will also consider revision of plans for the Kunkel-Thomas development at Virginia and Sunny Oaks. The revision does not affect the number of units planned but changes the street pattern and location of the recreational area.

Train-car crash occurs in town

A train-car collision at Kennedy Ave. and the railroad crossing at Railway Ave. sent one person to the hospital and injured the driver of the car, according to Campbell Police Department.

The accident, which occurred on Thursday, involved a diesel unit driven by Tiristana Seghieri and an auto driven by Mrs. Betty Bowman, 5253 Kentfield Dr., San Jose, who was treated by a private physician.

Mrs. Bowman's car, according to witnesses, drove onto the tracks before stopping and although the engineer of the train applied his brakes, her auto was shoved into a fence belonging to the City of Campbell.

Her passenger, Mrs. Peggy Stevenson, was taken by ambulance to Good Samaritan Hospital.

COURT-OF-HONOR---Scoutmaster Harold Brewer of Troop No. 323 opens the March Court of Honor of the troop.

TROOP
BUCKNA

ADVANCED IN RANK---Seven members of Boy Scout Troop No. 323, who moved up the scouting ladder at the March Court of Honor, pose with Ben Johnson, neighborhood commissioner of the troop. Front row, left to right, Steve Oravetz (Life); Ed Ring (Life); John Brewer (Star); Greg Mattson (Star); Back row, John Oravetz (Star); Carl Dais (Star) and Pete Sturm who received his instructor's badge.

At the same Court of Honor, Ken Orr was advanced to first class; Cliff Grodeon and Ken Wright to second class and John Ruppert to tenderfoot.

SPECIAL AWARD---At the March Court of Honor of Boy Scout Troop No. 323, Scoutmaster Harold Brewer was surprised to be presented with a special "super scout" award by one of his troop. Ben Johnson, neighborhood commissioner, (above) congratulates the scoutmaster.

1865 HONORS

On April 1, 1865, Allen Thompson, 18, and his brother, James, 16, of the 4th Regiment, New York Volunteers Heavy Artillery, Company K, were awarded Congressional Medals of Honor for deeds of outstanding bravery during the Civil War, the only brothers ever to be so honored.

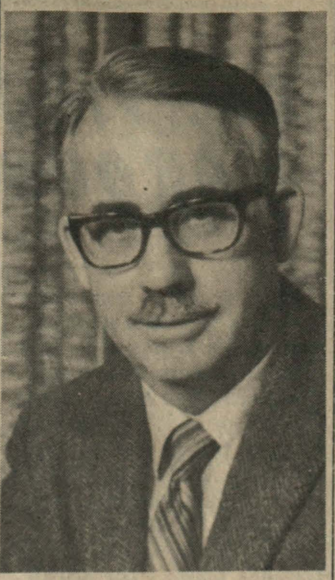
MARCH 31, 1971–On this date in 1954, Joe de Bona set a transcontinental speed record for piston-engine aircraft when he piloted an F-51 Mustang 2,467 miles from Los Angeles to New York in 4 hours 24 minutes 17 seconds.

Dr. Frederic Weed, SJS professor, seeks high school board office

Dr. Frederic A. Weed, 53, chairman of the political science department at San Jose State, and a candidate for the Campbell Union High School District board of trustees in the April 20 election, has been a resident of the district since 1956.

In his statement of candidacy, Dr. Weed emphasizes that he feels that his background and experience qualify him to serve the high school district as a member of the governing board.

Prior to joining the faculty at San Jose State in 1956 as an assistant and then associate professor of political science, Dr. Weed had been elected to a full term on the City Council of De Kalb, Illinois, where he was on the faculty of Northern Illinois State College in that city. He also had served on the county central committee.



DR. FREDERIC A. WEED
---board candidate

Dr. Weed is a veteran of World War II and is a major in civil affairs in the U.S. Army active reserve.

Weed was born in Potsdam, New York and received his bachelor's degree from New York State College of Teachers and his master's, doctor of jurisprudence and Ph.D. degrees from Columbia University.

Dr. Weed, who is fluent in both Spanish and French, served as head of the political science department for the first time from 1959-65 and from 1965-70 was coordinator of the international program as a full professor. In 1970 he was again named chairman of the political science department.

He and his wife, Mary, have four children; Mary, Joe, Katherine and Freddie. Mary, who is now a librarian, and Joe, who is attending San Jose State (as a student in Spain), are graduates of Leigh High School, while Katherine, now attending Sonoma State, was graduated from Branham High. Freddie is now in Ross School in the Union District.

The Weeds reside at 4225 Bloomfield Drive, San Jose.

Weed issued the following statement relative to his candidacy.

"I believe I am qualified by background and experience to do a good job as board member. In the nineteen fifties, before I moved to this area, I was elected to a full term on the City Council of DeKalb, Illinois, and in Illinois and in California I have served five terms on the county central committee of one of the two major political parties.

"My present army reserve duties in the Sunnyvale U.S. Army Reserve School gives another dimension to my experience, which I have found valuable.

"I believe I can work effectively with members of the district administrative staff, as well as with the district's front-line people, the classroom teacher.

"I have been a member of the California Teachers Association for many years, and I am a life member of the National Education Association."

Bank of America winners compete for more awards

West Valley College recently named four students to represent the college in Bank of America's 1971 Community College Awards program and three of these have been selected as winners in regional competition held at Salinas March 23.

In the preliminary contests each of the students was awarded $150 in scholarship money. Sandra L. Liebert, technical-vocational; Michael Utke, business; Gary Hansen, social science, have now been selected as semi-finalists and Melvyn Skeete, science and engineering a runner-up.

Final competition will be held in San Francisco the latter part of April.

All four of the students are currently on the dean's list at the college.

The Community College Awards program is an outgrowth of Bank of America's former Business Awards and Man and Woman of the Year programs. The new program expands the scope of recognition by including more areas of academic endeavor, involves a greater number of students, and increases the total amount of cash awards.

The basic purpose underlying the program remains the same, however, to honor outstanding students whose scholastic attainment, sense of civic responsibility, and leadership give the most promise of the future success and service to society.

Winners are determined at each event on the basis of scholastic records, citizenship, and a group discussion with a panel of judges composed of civic and business leaders.

This year mayors from five cities in the area served as judges.

Anti-smoking clinic takes place at West Valley College April 4-8

Those that want to break the smoking habit will have a chance when a new anti-smoking clinic begins at West Valley College in April.

On five consecutive evenings (April 4-8) from 7:30 to 9:30 p.m. participants will enter into group therapy sessions to try and break the smoking habit.

The five-day program consists of lecture-discussion, informational material and a follow-up plan similar to that employed by Alcoholics Anonymous.

The anti-smoking clinic is a tested and proven means of breaking the smoking habit. It was developed over the past 10 years by the Seventh Day Adventist denomination and involves both medical and counseling experts.

It began in New England where 30 of the 40 people attending stopped the smoking habit. Preliminary surveys gathered over a five-year period have shown approximately 50 per cent of the participants lose their craving for tabacco.

Any resident of the West Valley College District who is seriously interested in stopping smoking may attend the non-religious clinic.

The class will have a limited enrollment and applications will be accepted on a first-come, first-served basis. Registration and further information may be obtained from the Office of Community Services, 44 E. Latimer Ave., Campbell, room L-26, telephone 379-1733, ext. 58.

SENIORS

The Lucettes will meet on Monday, April 12 from 11 a.m. to 2:30 p.m. Featured activities will include bridge, shuffle board and other games. A dessert and refreshments are served. All senior citizens are invited to bring their bag lunches and enjoy the activities.

New principal assumes duties

On April 1, Richard F. Groshong will assume the position of principal at Rogers Junior High School in the Moreland School District. He replaces Joe A. Serig, principal at the school since 1967 who recently resigned according to Richard L. Davis, superintendent.

Groshong has been a Moreland School District administrator since 1963. He was principal at Payne School for six years and prior to his new role served as a Coordinator of Special Services and Federal Projects.

Serig will be Director of Christian Education for the Reorganized Church of Jesus Christ of Latter Day Saints. He began his Moreland employment in 1967 as a junior high school vice-principal and Strawberry Park School principal. The Serig family will be making their home in Independence, Missouri.

Moreland stages 'brush in' today

Recent approval by the Board of Trustees enables Moreland School District's 8736 children to participate in "Operation Brush-In" today, Wednesday March 31.

Sponsored by the Santa Clara County Dental Research Foundation and the County Health Department the program is designed to reduce tooth decay.

Local dentists, dental hygienists, parent volunteers and school personnel will supervise the brushing.

Meetings are held in each school to familiarize the staffs with procedures. The classroom teacher prepares the student to know why he is participating, explains the benefits he will receive and will stimulate an awareness to dental health.

PHARMACY PHACTS

By
Allan
Blaine

Qualifications for today's modern pharmacist call for five years of studies at an accredited college, plus a year of practical experience after graduation.

* * *

A pharmaceutical firm reportedly has developed a 20-second pregnancy test for use in doctors' offices. Among its advantages is that it gives the possible mother-to-be some added time to knit little things.

* * *

Years before tranquilizers were first introduced, the famous Canadian physician Sir William Osler wrote, "The desire to take medicine is perhaps the greatest feature which distinguishes man from animals".

* * *

A panel of medical experts in Great Britain predicts that by 1990, 70% of cancers will be controllable.

* * *

A dozen Nobel Prizes in medicine or chemistry have gone in recent years to researchers associated with drug manufacturers.

* * *

When your doctor prescribes the best, we do the rest, at ......

DARTING AROUND

with Tom Carroll

Due to space limitations last week we were unable to give all the scores of the last night of league competition. The Black Watch lost to the Dutch Goose, 10-1. Banbury Clock II played to a 6-6 stand off with Andy Capp's while Harold's Club wiped out Primrose Lanes III, 10-2.

John Burke shot a 123 for Harold's Club. The Scuttlebutt was only able to win three games, letting Primrose Lanes I take the other nine. The Rose's Tom Patton had a 140 and a ton (100).

Despite Dave Ingols' 120 away and a 13 dart game, Lancashire Lad I played to a 6-6 tie with Primrose Lanes II. In the intra-house match between Lancashire Lad III and the all-girl Lad IV, team captain Pam Kelly showed the girls the way to go with a 104 but it wasn't enough as the girls lost, 8-4.

The big match of the evening was between Banbury Clock I and Scarlett La Rue's. Both teams were tied for first place going into this match. The Clock I players were "right on" winning the match, 8-4. Des Maples led the scoring for the Clock by shooting a 13 dart game and a 14 dart game, at the same time popping two tons.

Rick Miller had a 14 dart game and a 121 with Roy Haslam shooting a 15 dart game and a ton. Larry Musial also popped a 121 and a ton for the Clock. High scores for the La Rue team were Kip Fanjoy with a 93 away and Ben Macredes with a 140.

SINGLES PRELIMS

The preliminaries for both the South Bay and El Camino Leagues for the Singles Championship of the Northern California Darts Assn. were held in Campbell last Wednesday. At the Gaslighter Theater, first place went to Phil Albers of the Dutch Goose in Menlo Park. Albers has won several of the Monday night tournaments at the theater, but he didn't have an easy go in this match.

In taking first place Albers had to defeat second place Scotty Hamilton of the Scarlett La Rue, third place Des Maples of Banbury Clock I and fifth place finisher, Roy Haslam of Banbury Clock I.

He also had to defeat Jim Macredes of Scarlett La Rue, Norm Loop of Gaslighter Theater II and Al Shartle, captain of the Dutch Goose.

The only finisher that Albers didn't defeat was Dan Francis of Lancashire Lad I, who ended in fourth place after losing to Scotty Hamilton. While Albers popped a 180 in his match with Norm Loop, his opponents shot not only high scores but good games.

Norm Loop had a 102 away, Jim Macredes had 14, 15 and 16 dart games plus a 140 and a 130, Des Maples had a 12 dart game and a 93 out with Scotty Hamilton shooting a 102 away.

Other high scores were Dave Pena of Scarlett La Rue with a 109 away; Rick Hubbard of Harold's Club had a 72 out and a 125; Carl Aydelotte of the Gaslighter Theater II shot a 123; Primrose Lanes' Pat Jansson popped a 125 while teammate Dave Galbraith got a ton.

EL CAMINO LEAGUE

At the Black Knight, Paul Schultz of the Scuttlebutt defeated Dave Campbell of Andy Capp's in the final round to take first in the El Camino League Prelims.

Third place went to league governor Jack Mahtala of the Scuttlebutt, who shot a 140 and a ton in his semi-final match with Dave Campbell. Charlie Farr of Primrose Lanes I shot a 130 out in his quest for fourth place, while teammate Bob Allingham took fifth.

Other high scores at the Knight were, Paul Schultz's ton away; the Lancashire Lad II's, Bob Mayer with a 137 and Dave Hughey with a 116 away; Lad IV's Fran Sprecher shot a 133; Ron Rutherford of Primrose Lanes I, popped a 140; Tom Potts of Andy Capp's had three tons and Ron Taub of the Gaslighter Theater IV shot a 91 out.

The first five finishers in both leagues will play each other and the finishers from the other four leagues, Sunday at Sam's Vineyard in San Francisco for the NCDA Championship.

Current Champ Tony Chavarria of the Courtyard Prosecutors and runner-up Don Rhodes of Lancashire Lad I automatically defend their titles.

Mugs!

QUITE A PITCHER—Verdan Zelmar, of 2183 Abbey Lane, Campbell, had the "hot hand" at the recent Class A horseshoe tournament held at Ryland Park in San Jose when he won first place by sweeping all seven of his matches while pitching ringers 60% of the time. The Santa Clara County Club, of which Zelmar is a member, hosted the tournament.

On Sunday, March 28, top players from northern California participated in an "open" tournament at Ryland Park. Zelmar was defeated by Jess Gonzales of Seaside, 50-20. Each had 6-1 records in regular play. Gonzales had 71.1% ringers while Zelmar had 68%.

Moreland holds open house

Utilizing the theme "Pillars of Wisdom, Strength, Beauty" Moreland's 14 elementary and two junior high schools have scheduled open houses and special activities during Public Schools Week of April 26–30.

Brookview, Moreland and Phelan Schools will welcome parents on Monday evening, April 26. Phelan will also have a spaghetti dinner earlier the same night.

On Tuesday evening, April 27, Amber Drive, Anderson, Baker, Country Lane, Latimer and Payne Schools will host parents for classroom visitations. A student art show will highlight Payne School's program.

The Board of Trustees will convene their meeting at 5 p.m. on the 27th to allow time for them to visit schools later that evening.

Students and staff at Bucknall, Coventry, Easterbrook, El Quito Park and Strawberry Park Schools have extended invitations to parents to visit on Wednesday evening, April 28. A band concert is featured at Strawberry Park School.

The speech and drama classes at Rogers Junior High School have scheduled a drama presentation at 7:30 p.m., Thursday, April 29.

On Thursday evening, April 22, students at Castro Junior High School will hold their annual fashion show and classroom visitation is scheduled during school hours of Public School Week.

In 1869, Princeton students originated the college yell at a game with Rutgers when they cheered their team on with "sis-boom bah."

GIRL SCOUT News

NEIGHBORHOOD 15

by Carol Casteel

Opportunity has knocked again, and eight freshman girls from Cadette Troop 878 hope they get a little help to open the door and take advantage of it.

Their leader, Mrs. Harriet Clapes, plans on taking the girls by small bus to the Wyoming Scout Grounds in July, with lots of sightseeing and camping along the way!

The girls have been working since September to earn money for the trip but are considerably short of the amount needed.

Several events have been planned for the future months. The first money raiser is a garage sale, April 2 and 3 at 453 W. Campbell Ave. A carnival is planned for May at Rosemary School.

Anyone wishing to help sponsor the Wyoming Trek for these ambitious girls will be appreciated. Call 378-2596 or 378-0548.

by Nan Warren

If you believe Girl Scouts are simply "cookie pushers", you've got the wrong idea. True—once a year your doorbell may get a bit of a workout, but there's good reason for our cookie sales.

The United Fund, bless their hearts, comes to the aid of our Council with financial help, but we must make up the difference needed to continue providing quality programs and services for the girls and their leaders.

The Girl Scouts of the greater Campbell area wish to thank the hundreds of people who purchased cookies this year. In buying cookies, you have taken a part in helping to build better citizens for a better tomorrow. "Cookie pushers" yes, but it is only a fraction of what's really going on.

Take, for instance, the Brownie Scouts of Troop 354, El Quito Park School. They feel "ecology is everybody's problem" and decided to do their part right in their own backyard, so to speak.

Under the direction of their leaders, Mrs. George Neel and Mrs. M. A. Willmore the girls staged a massive clean-up campaign in their school yard.

Ten large bags of carelessly dropped litter were collected and shown to their very delighted principal. Brownie Scouts, young and tiny as some of them are, can and do help with problems in today's world.

* * *

The Hazelwood Jr.'s, Troop 211, have taken on still another problem facing us today—loneliness. These Junior Scouts take time to visit the Eldercare Convalescent home.

They play games and give home-made prizes to the shut-ins—to say nothing of the joy and comfort these people must feel knowing someone cares.

Still another way Girl Scouts are going beyond the cookie image is through understanding others. "A better understanding of our world" could be the theme of the forthcoming International Potluck Dinner the Cadettes of Troop 567, Rolling Hills School, are having for all of the 6th grade Junior Girl Scouts of Neighborhood 15.

This dinner has a manyfold purpose. They all will be introducing their taste buds to foods of foreign lands and learning about the customs of different countries as well as becoming acquainted with one another.

The whole idea is to strengthen understanding—with those who live across the seas and with one another here in our own community.

Girl Scouting is fun, it's caring, sharing service and many other things—with a cookie here and there!

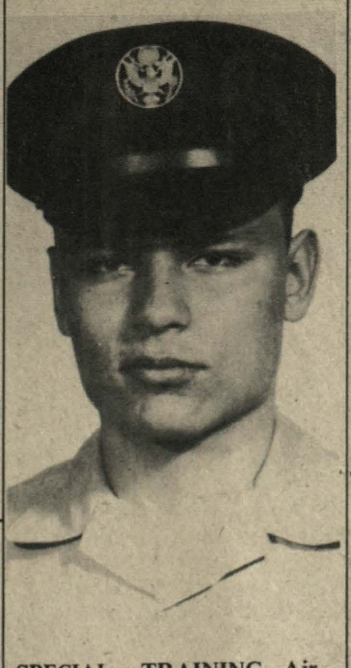
Gymnasts perform at Branham

The top women gymnasts in the United States and one of the world's finest in her sport will be among 40 girls performing in a two-hour gymnastics spectacular at Branham High School in San Jose, on Thursday, April 8.

Cathy Rigby, a pretty 18 year old who is already an Olympic veteran and ranked No. 1 in the U.S. for 1970, will be featured in "It's a Small World," the Southern California Acro Team scheduled presentation at 8 p.m.

Also performing will be SCAT Wendy Cluff, another member of the 1968 Olympic Team and second ranked woman's gymnast, along with Bev Marquette, the 1970 NCAA All-Around champion, and Stephanie Stromer, the U.S. High School Gymnast of the year. Proceeds from the event will go towards purchasing gymnastic equipment for GAA.

Tickets may be purchased by contacting Ann Bogart at Branham High School, 1570 Branham Ln., San Jose. Advance tickets are advised.



SPECIAL TRAINING—Airman Michael T. Young, son of Mr. and Mrs. Thomas H. Young of 2268 Wren Way, Campbell, has received his first U.S. Air Force duty assignment after completing basic training at Lackland AFB, Tex.

The airman has been assigned to a unit of the Strategic Air Command at Francis E. Warren AFB, Wyo., for training and duty as a security policeman. Airman Young, a 1970 graduate of Campbell High School, attended West Valley College.

TWO PRESIDENTS

Sergeant William McKinley's commanding officer during the Civil War was Major General Rutherford B. Hayes; both men later became President of the United States.

ARMBRUSTER here

Back in the olden days when I worked in the airplane business, a friend of mine used to like to start a conversation with a statement like: "Why is an engineer?". Now what he meant by a question like this was really:

"I'd like to talk about engineering as an occupation, not about what an engineer does particularly, but what is the basic function of those people who call themselves engineers."

I remember once he came up and said, "Why is a landing gear?" I said, "Dunno, why IS a landing gear;" He said: "a landing gear is to keep the airplane's belly off the runway."

Now here is a question for YOU—Why is a Chamber of Commerce? Is it so that there can be luncheons? Or is it so that Real Estate and Insurance Brokers won't have to join the Elks?

I know why there is a Campbell, do YOU know why there is a Campbell? Campbell is so that San Jose can't get annexed to Los Gatos.

Why is a desk? A desk is so that you don't have to sit on the floor to type.

Why is a school? A school is so that the kids will have somewhere to go during the day while the family is busy doing other things.

Why is a home? A home is so you don't have to sleep at the office.

Why is an office? An office is so that you won't have to spend all day in front of the TV.

Why is a TV? A TV is so that you won't have to read a newspaper. Why is a newspaper? A newspaper is so that you can put it down and then pick it up again later, after you've thought about it a while.

Why is a kite? A kite is because it is a beautiful day.

Why is a beautiful day? A beautiful day is so that you can go out and fly a kite.

And why is this column? This column is so that the white paper doesn't show through and make a glare on your eyes.

Letters to the Editor

IN

IN APPRECIATION

Dear Mr. Vierhus:

I just want to express my appreciation to you for the fine paper which serves our community. The Campbell Press is the best weekly newspaper I have ever had the pleasure of reading.

Your reporting of local news, printing of letters-to-the-editor (incidentally, please feel no obligation to print this one), and your editorials and columns all help to make the news what it is.

Please keep up the good work, Mr. Vierhus. Continue to report the local news and to express your opinions. We look forward to every Wednesday evening when the Campbell Press is delivered to our house.

Sincerely,
George Baker

BIASED AND SLANTED

Gentlemen:

Your handling of our local school district problems has been disgracefully biased and slanted. No one could possibly accept such emotionalism as a serious presentation of facts and issues.

You could do our whole community a great service by presenting the news in an unprejudiced manner.

Sincerely,
Mr. & Mrs. Frank Clough
1338 McBain Ave.
Campbell

APPALLED AT SITUATION

Dear Editor:

I am obviously not a disinterested citizen, but I am becoming appalled at the manner in which control over the Campbell Union School District is being fought.

In the latest development, a teacher at Monroe School is acting the role of prosecuting attorney disseminating his version of the past months to prove that the postal inspector does not mean what he says. At least, Gordon Martin is man enough to put it on the line.

On the other hand, Dr. MacQuiddy is an incumbent and it is only reasonable that he run on his record and give factual reasons for his board leadership. Instead, he behaves personally insulted when asked why he has acted in defense of certain employees and actions and against others.

This whole mess first came to public attention when the district's financial situation appeared in jeopardy.

Dr. MacQuiddy now takes credit for the Citizens' Advisory Finance Committee, but what use has he made of it? I would think first things first and streamlining business procedures and eliminating inefficiencies ought to be top priorities in our tight economy.

This is especially true when we will soon need a tax election to keep the rate we have, let alone justify to the voter raising it.

To my way of thinking, this comes even before harmony (and might even contribute somewhat to it) and reforms should have been at least discussed openly after the final committee report October 22.

Instead, the superintendent was demoted in a move apparently calculated to humiliate the man. And after all this, there is still no true harmony, just a different group is now happy with events.

Neal Royer has been criticized for trying to influence the election because he waited six weeks to answer the charges he waited three months to receive in writing. And in addition, we're now told there are more charges—even bigger and better ones.

What is the man supposed to do—wait upon the pleasure of the board majority and retire quietly when he's been rumored to have done all sorts of unsubstantiated things.

I think I can speak for a good portion of the public at large, when I say I resent being treated as if I am not capable of understanding the facts. I hold very dearly the American principle that the burden of proof, lies upon the accuser, not the defendent.

If Neal Royer were such a bad superintendent, why wasn't he charged and fired October 8?

Just because most of the parents and taxpayers of this district do not hold a Ph.D. or law degree, we can still ascertain that this is a miserable way to run a school district.

Sincerely,
Mayme Abbott
1010 S. Baywood
San Jose, Calif.

SPEAKING OUT

Dear Editor:

Carol Casteel agrees with me in many areas in spite of her saying my recent letter "shocked and angered" her.

I pointed out in that letter that Mr. Mestice and Mr. Abbott are perhaps trying to set neighbor against neighbor, etc. She corroborated this as she indicated that the harmonious conditions between her friends and her has been adversely affected by the recent events. Since I am a teacher it is quite evident that her relationship to me is different now than it would have been had we known one another BEFORE these two gentlemen started their campaign. We have a case here of neighbor against teacher that I mentioned.

We also both agree that teachers and their families should be allowed to speak out on issues without fear of jeopardizing their jobs. But this very issue leads me to add one more possible "motive" to the actions of these two men. This is that they are setting school administrators against teachers (or at least trying to).

I'm sorry that I forgot to include this one in my original letter. I do feel better knowing that if my job does come in jeopardy, that Mrs. Casteel will offer me her support.

Since I have been a member of several Home and School Clubs and am now a member of the Campbell High School PTA and of the Monroe Home and School Club (where Mr. Abbott is president) I feel I have kept up in these areas quite well.

Perhaps this is why I get a little hazy about all the GOOD things they have been keeping themselves busy with. —Such as "helping" teachers, etc.

As to the facts—they are a bit hard to come by. The citizens of the community certainly cannot use this newspaper as a source. (With the exception of the "Letters-to-the-Editor Column.) The "facts" presented in the rest of the paper have been so one-sided that the Gilliland-King Campaign Committee has used the Campbell Press as campaign literature!

Town in high desert country had reputation for bad men

In the high desert country on the eastern side of the Sierra Nevada there is a town which had a reputation for bad men...a reputation that carried far and wide into the booming gold and silver strike settlements of the West.

If a man was known as a "badman from Bodie", he was given a wide berth and plenty of elbow room at the bar, or, as legend has it, he might decide to use the nearest person as a target for shooting practice.

The badmen of Bodie are gone as are the 10,000 persons which once inhabited this town. According to one chronicler, Bodie had "the wildest main street of any mining camp, the wickedest men and the worst climate."

Bodie is nestled in high desert country at the 8,374 foot level in a dry sagebrush bowl. Although covered with many feet of snow in winter and hot in summer, it is a true ghost town, one that has escaped all the commercialism of many ghost towns throughout the West, reports the California State Automobile Association.

Driving over the dirt road that leads into Bodie from U.S. 395, south of Bridgeport, you might wonder how anyone ever came to be out in such a wild, desolate land.

Waterman S. Bodey was searching for gold in 1859 when he stumbled across it at Pearson Spring, just west of the present town and then met his death in a blizzard.

Although the town was named after him, the spelling is different. This being attributed to an illiterate sign painter or because Bodie's citizenry wanted to insure proper pronunciation of the town's name.

Bodey's find soon lured thousands to the brown, barren hills that produced a reputed 100 million dollars in gold and 8 million dollars in silver before pinching out. Mine shafts dot the hills everywhere with the Standard Mine standing out above all others on Bodie Bluff.

Fires were the plague of most mining towns and Bodie was no exception. Disastrous fires swept the wooden buildings in 1892 and 1932 leaving only about 75 of the buildings which once crowded each other for space along a mile long main street.

Bodie is best visited during the summer because the weather is often unpredictable during other times of the year.

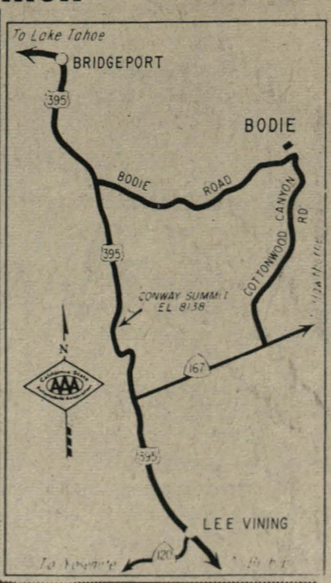
Pick up one of the self-guiding tour pamphlets from a container attached to a small building at the right of the road if you want to know the history of most of the buildings. These include the Methodist Church built in 1878-79; the town jail with small windowless cells; the two-story schoolhouse, once used as a lodging place; the Hoover House, which once belonged to Theodore Hoover, brother of the former President; the miner's Union Hall on Main Street and the cemetery on the hillside which holds the remains of Bodie's discoverer.

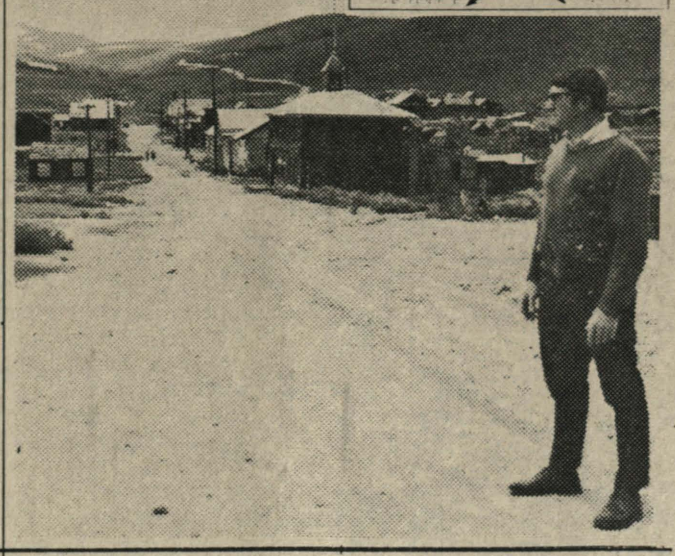
A brick encased iron vault on Main Street is all that remains of the Bodie Bank, which was burned out in the 1932 fire and was the scene of a bank robbery on September 1, 1916 by four men who escaped with $4,000 and were never captured.

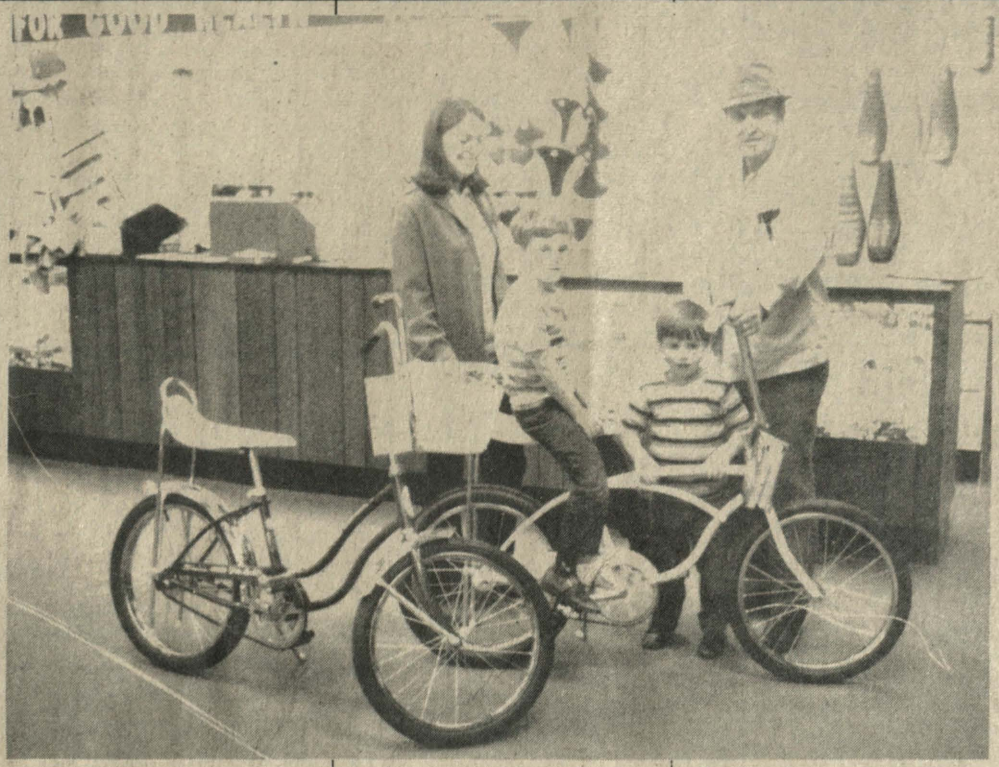
Bodie was like that bank robbery---always hustling bustling, wild with miners, painted ladies and entrepreneurs. Ore and lumber wagons shuttled back and forth and the Bodie and Benton Railroad was built to carry out the fabulous ore that made wealthy men of some and killed others.

The wealth is still there in the earth under Bodie Bluff, perhaps as much as $100 million, but can't be mined profitably at the current gold rate.

And maybe the specters of long departed miners, gunmen and ladies of the evening are waiting for Bodie to boom again.







BIKE TO BE GIVEN AWAY---Bill Paul (above right) of the Wheel-Away Cycle Center shows two new Schwinn bikes to Steve and Mark Wilson while their mother looks on admiringly. One of these bikes, Schwinn Stingrays, will be given to some lucky person on Saturday, April 10.

The occasion is the first anniversary celebration of the Wheel-Away Cycle Center in its new Hamilton Ave. building. (Man behind the camera is Jerry Bernstein, store manager.
